

The General Manager of **Evelop Airlines** (operating under the **Iberojet** brand), aware of its commitments, declares Quality as a priority element of the culture of the company and recognizes the importance of preserving the environment and reduce the impact.

Our Quality and Environmental Policy is oriented towards a central goal: maximize the efficiency, operational safety, quality and profitability. At the same time, we are committed to protecting the natural environment through socially responsible business practices that minimize pollution and our environmental footprint. The continuously search of excellence benefits to the shareholders, employees, clients and suppliers, and other interest groups, generating economic and social value that lasts over time in a sustainable manner.

Our commitment is:

- Comply with legal requirement, policies, environmental regulations that are applicable and with the requirements specified by our customers.
- Promote a company culture of continuous improvement through the development of self-assessment activities and responsible practices, looking for the excellence in all the operations.
- Operate the fleet applying best practices to achieve a reduction in fuel consumption, emissions of greenhouse gases and noise, minimizing the environmental impact.
- Develop and implement systems related to socially sustainable purchasing processes, responsible consumption of natural resources such as energy, paper and water, as well as an efficient waste management and for continuous improvement of our environmental performance.
- Maintain systems for the control, prevention, and supervision monitoring; periodically assessment and systematically review the objectives and the targets set.
- Train, sensitize and communicate guidelines to all our staff to guarantee standards compliance and promote commitment as members of a socially responsible company.

Our Accountable Manager, management team and collaborators will work actively to ensure the implementation of this policy and the achieve the proposed objectives.

Evelop Airlines Management is responsible for overseeing the compliance with this policy and integration in the decision-making process of the quality and environmental considerations.

Alberto López
Accountable Manager of Evelop Airlines
